

Report of Activities under celebration of “Sarvatra Swachhta Diwas”
(Cleanliness of public place) under Swachh Bharat Abhiyan

on 25th September 2017

ICAR-Indian Institute of Water Management, Bhubaneswar

The Director and staff members of ICAR-Indian Institute of Water Management have actively participated in cleanliness campaign organized at a public place i.e. NALCO Nagar Laxmipur-Santal Sahi Basti located at Chandrasekharapur, Bhubaneswar, Odisha on the occasion of celebration of “Sarvatra Swachhta Diwas” on 25th September 2017 (3-5 PM). They have removed the unwanted plants /weeds and non biodegradable articles such as plastic and polythene adjacent to the main road passing through the Santal Sahi Basti. Main emphasis was given on eradication of most obnoxious weed ‘Parthenium sp.’ The people living in the colony were briefed about the negative effects of this dangerous weed in terms of health hazards like asthma and skin diseases and sensitized them to take initiative to remove this weed at regular intervals. They were also explained about the importance of cleanliness in general and the role of spraying kerosene/diesel in the stagnant sewage water for successful vector / mosquito control and to prevent the deadly diseases like Dengue, Malaria. The photographs during actual process of cleanliness campaign, pre-cleaning phase (left side) and post-cleaning phase (right side) and are enclosed here with.
