**Subject: Report of Day-4 (19.12.2025) on celebration “Swachhta Pakhwada” by ICAR-IIWM, Bhubaneswar – reg.**

A cleanliness drive was organized in IIWM campus on 19<sup>th</sup> December, 2025 under the ongoing *Swachhta Pakhwada* program. Director and staff of the institute participated in the programme. The programme was undertaken in two phases. In phase-1, IIWM staff cleaned the area near Dragon fruit orchard that was infested with weeds and shrubs. The plant and grass clippings were then disposed of at suitable location for compost making. In phase-2 of the programme, staff of ICAR-IIWM painted tree trunks with lime and copper sulphate mixture to protect the plants from white ant and fungal infection. About 50 trees, both small and big, were painted and the process would continue during the *Swachhta Pakhwada* to cover all the plants in the campus. A total of 54 staff from the institute participated in the programme. Some of the action photographs of Day-4 are presented below.
